Hot Box

The brand new innovative Hot Box from Powerblanket distributed in Canada by Power Plant Supply Co (<mailto:atlantic@powerplantsupplyco.com>), keep large amounts of temperature sensitive materials at just the right temperature. Powerblanket's patented technology will provide 48 cubic feet of warm storage. Eco friendly and affordable this is a great way to make sure your temperature sensitive materials remain in excellent condition.

Hot Box Material Warming (#HB48)

The Powerblanket™ Hot Box HB48 is an innovative, highly efficient and low wattage heating system for pallets and bulk materials. The patented heat spreading technology and structured box design creates a 48 cubic foot controlled environment perfect for heat soaking many temperature sensitive materials including rubber, epoxy, resins, and asphalt.

Hot Box Material Warming (#HB64)

Heat even more temperature sensitive materials with the all new Hot Box HB64 (64 cubic feet) by Powerblanket. Avoid costly waste and cold weather delays. Get Powerblanket! Call or e-mail Power Plant Supply Co (<mailto:atlantic@powerplantsupplyco.com>) for a custom price quote.
